The Grand Jury's 2023-24 investigative reports included a report entitled "*Warning: Keep Your Eyes Off My Privacy.*" The Sacramento Police Department was invited to provide a response. While we have elected not to provide a full response to the report, I felt it was important to advise you that the City ceased providing Automated License Plate Reader (ALPR) information to out-of-state law enforcement agencies on June 11, 2024. (Recommendation 2) In addition, the Sacramento Police Department posted its original ALPR policy on the department's transparency website on August 17, 2022, and has had the policy available to the public at that location since that date. (Recommendation 5)

I hope you find this information useful.

Sincerely,

Kathy Lester
Chief of Police
